Accountants' Review Report

Louisiana Cemetery Board
Office of the Governor
State of Louisiana
Metairie, Louisiana

We have reviewed the accompanying Division of Administration, Office of Statewide Reporting and Accounting Policy's Annual Fiscal Report of the business-type activities of the Louisiana Cemetery Board, a component unit of the State of Louisiana, as of and for the year ended December 31, 2010, which collectively comprise the Board's basic financial statements, as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the Board. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

The management of the Board is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

Management has elected to omit the management's discussion and analysis as supplementary information as well as certain disclosures relating to other post employment benefit obligations. These disclosures are required by the Governmental Accounting Standards Board and accounting principles generally accepted in the United States of America.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report, dated June 28, 2011, on the results of our agreed upon procedures.

**INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES**

**Louisiana Cemetery Board
Office of the Governor
State of Louisiana
Metairie, Louisiana**

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of the Louisiana Cemetery Board (the "Board") and the Legislative Auditor, State of Louisiana, solely to assist the specified parties in evaluating management's assertions about the Board's compliance with certain laws and regulations for the year ended December 31, 2010, included in the accompanying Louisiana Attestation Questionnaire. Management is responsible for the Board's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

The Board did not have any disbursements for public works exceeding \$100,000 or disbursements for materials and supplies exceeding \$20,000. Accordingly, no expenditures were required to be tested.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each Board Member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all Board Members and employees, as well as their immediate families.

Board members provided us with the required list.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management in procedure 3 appeared on the listing provided by board members in procedure 2.

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments, if applicable.

A copy of the legally adopted budget was obtained from the Board.

6. Trace the budget adoption and amendments to the minute book.

The budget adoption and two related amendments were traced to the minute book.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more if actual expenditures exceeded budgeted amounts by 5% or more.

We compared the actual revenues and expenditures to budgeted amounts for the year. Actual revenues did not fail to meet budgeted revenues by 5% or more. Actual expenditures did not exceed budgeted amounts by 5% or more.

Accounting and Reporting

8. Randomly select six disbursements made during the period under examination and:

(a) Trace payments to supporting documentation as to proper amount and payee;

All payments were traced to supporting documentation without exception.

(b) Determine if payments were properly coded to the correct fund and general ledger amount;

All payments were properly coded to the correct fund and general ledger account without exception.

(c) Determine whether payments received approval from proper authorities.

All payments received approval from proper authorities.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Management has asserted that such documents were properly posted on both the website and the door of the board's office. For all meetings in 2010, we examined the notices that were posted that management retains in the meeting files.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

Bank deposits for the period under examination were reviewed noting no deposits that appear to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

Payroll records and minutes for the period were reviewed noting no payments to employees that may constitute bonuses, advances, or gifts.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you

This report is intended solely for use of management of the Louisiana Cemetery Board and the Legislative Auditor, State of Louisiana, and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

LOUISIANA CEMETERY BOARD
Notes to the Financial Statement
As of and for the year ended December 31, 2010**

INTRODUCTION

The Louisiana Cemetery Board was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 8:61. The Board is under control of the Office of the Governor and a component unit of the State of Louisiana and is an integral part of such reporting entity. The board is governed by seven members appointed by the Governor of Louisiana for a term of four years. The board elects from its members a chairman, vice-chairman, and secretary/treasurer.

The Board is charged with the responsibility of regulating the cemetery industry and monitoring all perpetual care and merchandise trust funds.

The Board's office is located in Metairie, Louisiana, and employs two unclassified employees. The Board's operations are funded entirely through annual self-generated revenues.

The accounting and reporting framework and the more significant accounting principles and practices of the Board are discussed in subsequent sections of this note. The remainder of the notes are organized to provide explanations, including required disclosures, of the Board's financial activities for the fiscal year ended December 31, 2010.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of Louisiana Cemetery Board present information only as to the transactions of the programs of the Louisiana Cemetery Board as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Louisiana Cemetery Board are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

**STATE OF LOUISIANA
LOUISIANA CEMETERY BOARD
Notes to the Financial Statement
As of and for the year ended December 31, 2010**

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Louisiana Cemetery Board are annual lapsing appropriations.

1. The budgetary process is an annual appropriation valid for one year.
2. The agency is prohibited by statute from over expending the categories established in the budget.
3. Budget revisions are granted by the Joint Legislative Committee on the Budget, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
4. The budgetary information included in the financial statements includes the original appropriation plus subsequent amendments as follows:

	<u>APPROPRIATIONS</u>
Original approved budget	\$ _____
Amendments:	_____

Final approved budget	\$ _____ -

C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Louisiana Cemetery Board may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the Louisiana Cemetery Board may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

STATE OF LOUISIANA
LOUISIANA CEMETERY BOARD
Notes to the Financial Statement
As of and for the year ended December 31, 2010

For the purpose of the Statement of Cash Flows and balance sheet presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are required to be held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at December 31, 2010 consisted of the following:

	Cash	Nonnegotiable Certificates of Deposit	Other (Describe)	Total
Deposits per Balance Sheet (Reconciled bank balance)	\$ 138,021	\$ 88,990	\$	\$ 227,011
Deposits in bank accounts per bank	\$ 140,627	\$ 88,990	\$	\$ 229,617
Bank balances exposed to custodial credit risk:	\$	\$	\$	\$
a. Uninsured and uncollateralized				
b. Uninsured and collateralized with securities held by the pledging institution				
c. Uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the entity's name				

NOTE: The "Deposits in bank accounts per bank" will not necessarily equal the "Balance per agency books" due to outstanding items.

STATE OF LOUISIANA
LOUISIANA CEMETERY BOARD
Notes to the Financial Statement
As of and for the year ended December 31, 2010

The following is a breakdown by banking institution, program, and amount of the "Deposits in bank accounts per bank" balances shown above:

Cash in State Treasury and petty cash are not required to be reported in the note disclosure. However, to aid in reconciling amounts reported on the balance sheet to amounts reported in this note, list below any cash in treasury and petty cash that are included on the balance sheet.

Cash in State Treasury		\$	
Petty Cash		\$	
Banking Institution	Program	Amount	
1. Capital One	Checking	\$	138,021
2. Capital One	Certificate of Deposit		60,620
3. Capital One	Certificate of Deposit		28,370
4.			
Total		\$	227,011

2. INVESTMENTS

The Louisiana Cemetery Board does not maintain investment accounts as authorized by R.S. 49-327.

D. CAPITAL ASSETS – INCLUDING CAPITAL LEASE ASSETS

The fixed assets used in the Special Purpose Government Engaged only in Business-Type Activities are included on the balance sheet of the entity and are capitalized at cost. Depreciation of all exhaustible fixed assets used by the entity is charged as an expense against operations. Accumulated depreciation is reported on the balance sheet. Depreciation for financial reporting purposes is computed by the straight line method over the useful lives of the assets.

E. INVENTORIES

The Louisiana Cemetery Board has no inventories at December 31, 2010.

F. RESTRICTED ASSETS

The Louisiana Cemetery Board has no restricted assets at December 31, 2010.

G. LEAVE

1. COMPENSATED ABSENCES

The Louisiana Cemetery Board has the following policy on annual and sick leave:

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources is recorded in long-term obligations.

2. COMPENSATORY LEAVE

This is not applicable to the Louisiana Cemetery Board.

H. RETIREMENT SYSTEM

Substantially all of the employees of the Louisiana Cemetery Board are members of the Louisiana State Employees Retirement System (LASERS), a single employer defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees.

All full-time Louisiana Cemetery Board employees are eligible to participate in the System unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership. Certain elected officials and officials appointed by the governor may, at their option, become members of LASERS. Normal benefits vest with 10 years of service. Generally, retirement age employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service except for members eligible to begin participation

**STATE OF LOUISIANA
LOUISIANA CEMETERY BOARD

in the Defined Benefit Plan (DBP) on or after July 1, 2006. Act 75 of the 2005 Regular Session changes retirement eligibility and final average compensation for members who are eligible to begin participation in the DBP beginning July 1, 2006. Retirement eligibility for these members is limited to age 60, or thereafter, upon attainment of ten years of creditable service. Final average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

Vested employees eligible to begin participation in the DBP before July 1, 2006, are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, these vested employees have the option of reduced benefits at any age with 20 years of service. Those hired on or after July 1, 2006 have only a single age option. They cannot retire until age 60 with a minimum of 10 years of service. The System also provides death and disability benefits and deferred benefit options, with qualifications and amounts defined by statute. Benefits are established or amended by state statute. The System issues a publicly available annual financial report that includes financial statements and required supplementary information for the System. For a full description of the LASERS defined benefit plan, please refer to the LASERS 2008 Financial Statements, specifically, footnotes A – Plan Description and C – Contributions. That report may be obtained by writing to the Louisiana State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000. The footnotes to the Financial Statements contain additional details and are also available on-line at:

Members are required by state statute to contribute with the single largest group ("regular members") contributing 7.5% of gross salary, and the Louisiana Cemetery Board is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended December 31, 2010 decreased to 15% of annual covered payroll from the 19% required in fiscal years ended December 31, 2009 and 2008. The Louisiana Cemetery Board's contributions to the System for the years ending December 31, 2010, 2009, and 2008, were \$16,032, \$18,781, and \$18,821, respectively, equal to the required contributions for each year.

I. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans* addresses accounting and financial reporting for OPEB trust and agency funds of the employer. GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions* establishes standards of accounting and financial reporting for OPEB expense/expenditures and related OPEB liabilities or OPEB assets, note disclosures, and required supplementary information (RSI) in the financial reports of governmental employers.

1. Calculation of Net OPEB Obligation

**STATE OF LOUISIANA
LOUISIANA CEMETERY BOARD
Notes to the Financial Statement
As of and for the year ended December 31, 2010**

Complete the following table for only the net OPEB obligation (NOO) related to OPEB administered by the Office of Group Benefits. The ARC, NOO at the beginning of the year, interest, ARC adjustment, and Annual OPEB Expense have been computed for OGB participants (see OSRAP's website - <http://www.doa.louisiana.gov/OSRAP/afrpackets.htm>) and select "GASB 45 OPEB Valuation Report as of July 1, 2009, to be used for fiscal year ending June 30, 2010." Report note disclosures for other plans, not administrated by OGB, separately.

Annual OPEB expense and net OPEB Obligation		6/30/2010
Fiscal year ending		
1. * ARC		<u>44,600</u>
2. * Interest on NOO (4%)		<u>1,720</u>
3. * ARC adjustment		<u>1,643</u>
4. * Annual OPEB Expense (1. + 2. - 3.)		<u>44,677</u>
5. Contributions (employer pmts. to OGB for retirees' cost of 2010 insurance premiums)		<u>14,718</u>
6. Increase in Net OPEB Obligation (4. - 5.)		<u>29,959</u>
7. *NOO, beginning of year (see actuarial valuation report on OSRAP's website)		<u>85,185</u>
8. **NOO, end of year (6. + 7.)		<u><u>115,144</u></u>

Current year operating expenses were decreased due to a reduction of beginning NOO due to changes in assumptions and estimates by the actuaries of the Plan in the amount of \$42,185. Current year operating expenses were increased by the increase in net OPEB (line 6 above) in the amount of \$29,959.

SCHEDULE 15

STATE OF LOUISIANA
LOUISIANA CEMETERY BOARD

Schedule of Findings and Management Corrective Action Plan

For the Year Ended December 31, 2010

Finding 2010-1:

Criteria:

Management is responsible for developing internal controls related to the preparation of financial statements as well as preparing financial statements in accordance with accounting principles generally accepted in the United States of America.

Condition & Cause:

As is common in small organizations, management has chosen to engage the auditor to propose certain year-end adjusting entries and to prepare the Board's annual financial statements. This condition is intentional by management based upon the cost effectiveness of acquiring the ability to prepare financial statements in accordance with generally accepted accounting principles. Consistent with this decision, internal controls over the preparation of year-end adjusting entries and annual financial statements, complete with notes, in accordance with generally accepted accounting principles, have not been established. Under generally accepted auditing standards, this condition represents a significant deficiency in internal controls. Recently issued Statement on Auditing Standards (SAS) 115 requires that we report the above condition as a control deficiency. The SAS does not provide exceptions to reporting deficiencies that are adequately mitigated with nonaudit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

Recommendation:

As mentioned above, whether or not it would be cost effective to cure a control deficiency is not a factor in applying SAS 115's reporting requirements. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all the deficiencies an auditor reports under SAS 115. In this case we do not believe that curing the significant deficiency described above would be cost effective or practical and accordingly do not believe any corrective action is necessary.

Management Corrective Action Plan:

In response to the finding, management feels that it is a prudent use of funds to engage the auditor to prepare the Board's annual financial reports. We therefore agree with the auditors' recommendation that no correction action is necessary.

Finding 2009-1:

Criteria:

Management is responsible for developing internal controls related to the preparation of financial statements as well as preparing financial statements in accordance with accounting principles generally accepted in the United States of America.

Finding 2009-2:

Criteria:

Employees and officials are prohibited from accepting anything of value, whether in the form of a service, loan, or promise, from anyone that would constitute a violation of Louisiana R.S. 42:1101-1124.

Condition & Cause:

Upon completing the Louisiana Attestation Questionnaire for 2009, the Board was informed by one of its members that a situation occurred during the year whereby the Board member was compensated as a fundraising consultant by a non-profit organization. This non-profit organization holds a fundraising race each year to raise money to preserve the historic cemeteries of Louisiana. Due to the small size of the non-profit organization and as a matter of administrative convenience, funds for the event were collected and disbursed by a cemetery that is licensed by the Board. As a result, the cemetery issued a check to the Board member on behalf of the non-profit organization.

Recommendation:

We recommend the Board submit this information to the Louisiana Ethics Board for review and determination.

Management Corrective Action Plan:

During 2010, the Board submitted a report detailing this information to the Louisiana Ethics Board. A response from the Ethics Board has not been received as of the issuance of the 2010 financial statements. Upon receipt of the ethics determination, the Board and Board member will take the appropriate steps necessary to correct this situation if required.
